Creating Magical Tools Chic Cicero,Sandra Tabatha Cicero,1999 There is an archetype of a powerful magician who, in a dark robe, uses a colorful and powerful wand to direct magical energy and achieve goals. Now you can learn how to make the robe and wand, along with hundreds of other traditional magical items in Creating Magical Tools (a revised and expanded section of the previously published Secrets of a Golden Dawn Temple) by Chic and Sandra Tabatha Cicero, Senior Adepts of

the Hermetic Order of the Golden Dawn. Information on the nature of virtually every magical tool and device used in the initiations and magic of the Golden Dawn is included in this book. That way you can choose which ones you would like to add to your magical practices. Then, after you choose, the book includes full directions for making everything from the wands and altars to the pillars and Enochian tablets. The Ciceros have spent over two decades refining their construction methods, so you will be able to learn from their extensive experience. This book has something to offer to those uninterested in the Golden Dawn tradition itself, but interested in learning how to make and use the magical tools. Here you will find the secrets of the wand and dagger, chalice and pentacle. You also may choose to use the pillars and banners, or any of the hundreds of tools and symbols described in the book. Whether you are a Wiccan, Witch, Thelemite, or Ceremonial Magician, you will find lots of value here. Tarot Talismans Sandra Tabatha Cicero, Chic Cicero, 2006 According to Chic & Sandra Tabatha Cicero, the tarot is much more than a collection of symbolic images--it's a vibrant ecosystem of interconnected energies and entities. In this groundbreaking approach to tarot, they introduce how these powerful cards can be magically transformed into talismans and amulets. Part one of this book explores the nature of talismans and amulets, how magic works, the role of the divine in magic, and magical ethics. The specific energies and talismanic/amuletic uses of each card are described, along with its magical correspondences--spanning elemental, astrological, and Qabalistic qualities. Part two is devoted to tarot angels and invoking these divine energies, including how to use the Golden Dawn method, known as telematic magic. Ritual card spreads, consecration rites, and step-by-step examples demonstrate how to use magical talismans to get a promotion, gain psychic talent, promote healing, mend a broken friendship, enhance magic skills, and more.

Learn about spiritual alchemy and the connection between ancient magic and modern-day psychology. Explore the similarities between alchemical theory, Taoist philosophy, yoga, Zen Buddhism, and experiments with the human aura. The Golden Dawn Israel Regardie,John Michael Greer,2016-01-08 First published in 1937, Israel Regardie's The Golden

Dawn has become the most influential modern handbook of magical theory and practice. In this new, definitive edition, noted scholar John Michael Greer has taken this essential resource back to its original, authentic form. With added illustrations, a twenty-page color insert, additional original material, and refreshed design and typography, this powerful work returns to its true stature as a modern masterpiece. An essential textbook for students of the occult, The Golden Dawn includes occult symbolism and Qabalistic philosophy, training methods for developing magical and clairvoyant powers, rituals that summon and banish spiritual potencies, secrets of making and consecrating magical tools, and much more.

The Tree of Life Israel Regardie, Chic Cicero, Sandra Tabatha Cicero, 2000 Israel Regardie wrote The Tree of Life, a book many consider his magnum opus, in 1932. It has continued to sell for decades. And no wonder. Up until the time this book was published, very little information about true high magic was available to the public. In this book, Regardie reveals the secrets of real magic. He begins with an explanation of what magic is and, just as importantly, what magic is not. He explains that it is a spiritual study and practice which, along with forms of yoga, forms the two branches of the tree that is mysticism. Magic is not being a medium or a psychic. Then he explains the tools of the magician, what they mean, and how to use them. He explains the techniques of evocation and invocation, skrying, and astral travel. He shows how the Qabalah unites everything. He even gives a description of the secrets of sexual magick. All of this is in a clear, lucid writing style. This book is simply a must for anyone who is, or aspires to be, a real magician. Although Chic and Sandra Tabatha Cicero were friends of Regardie and are Senior Adepts of the Hermetic Order of the Golden Dawn, what changes could they have made to this classic book? Well, they did change the spelling from British style to American. And they did change his transliterations of Hebrew into the more popular style he used in his later books. But nothing vital was changed or removed. Everything else they added was complementary to the text that was there. And what incredible additions they are! Extensive annotations throughout every chapter; over 100 illustrations; more descriptive contents pages; a glossary, a bibliography and an index. They've even added a biographical note on Regardie and the importance of this book to him and to the occult world. This book contains some of the finest occult writing that has ever been produced. And with the new material by the Ciceros, it becomes a must-have for any magician!

Golden Dawn Rituals and Commentaries Pat Zalewski, 2022-05-08 While being the touchstone for Western Mystery Tradition magic, the Golden Dawn system has been largely shrouded in secrecy. While versions of its rituals have been published, these have been hacked and valuable material missing. Most importantly, the valuable information about how to work these rituals is largely unpublished. This has created a ridiculous situation where many self-appointed Golden Dawn experts have no idea how to work the important initiation rituals or even understand how they are supposed to work. Fortunately, the Golden Dawn Tradition has managed to preserve its secret teaching through the work of those who were members of its last surviving temple in New Zealand - Whare Ra. Although that temple shut in the late 1970s, some of its senior adepts were able to pass on this secret teaching to a new generation. One of these was Pat Zalewski who has adapted and developed the work of Whare Ra Hierophant Jack Taylor, who was a model Golden Dawn adept and his mentor. This expanded Third Edition Golden Dawn Rituals and Commentaries provides those seeking the magical truth behind the Golden Dawn with the information they need. Not only do they have the full unedited rituals and diagrams, but also the magical mechanics of how to work them correctly. This edition is the first to contain the complete rituals from 0=) to 7=\$,

commentaries on the Equinox and Consecration of the Vault rituals and the instruction and experiences of those who have been working them through the 20th to the 21st century.
