Stories of the Prophets Ibn Kathir,2016-01-27 ----- To Buy a Hardcover search for book with ISBN: 9781948117036 ----
-----The English reader will definitely find this book highly interesting and thought-provoking. In

this book, the stories of the prophets have been compiled from 'Al-Bidayah wan-Nihayah' (The Beginning and the End) which is a great work of the famous Muslim exegete and historian Ibn Kathir and has a prominent place in the Islamic literature. The stories of the prophets and all the events in their lives have been supported by the Qur'anic Verses and the Sunnah (traditions) of the Prophet (S). Wherever it was necessary, other sources have also been reported for the sake of historical accounts, but on such places a comparative study has been made to prove the authenticity of the sources. Ibn Kathir has reproduced the views and interpretations of all the great exegetes of the Qur'an of his time. The systemic narratives of the Stories of the Prophets have been written in chronological order which renders a historical style to the book. Allah the Most Exalted says in the Qur'an: We are relating unto you the most beautiful of stories in that what We have revealed to you from the Qur'an, though before it you were from among those who were not aware of them. (12:3) We have indeed sent aforetime Messengers before you, of them there are some whose stories We have related to you, and whose stories We have not related to you... (40:78) We relate to you the important news of their story in truth... (18:13) And all that We relate to you of these stories of the Messengers, We strengthen with them your heart. Through them there come to you the truth as well as admonition and reminder to all those who believe. (11:120) There is, indeed, in their stories lessons for people endowed with understanding. It is not any invented tale, but a confirmation of what went before it, and a detailed exposition of all things, and a guide and a mercy to the people who believe. (12:111) ...so relate the stories, perhaps they may reflect. (7:176)

Opening the Qur'an Walter H. Wagner, 2008 Walter H. Wagner opens the Qur'an by offering a comprehensive and extraordinarily readable, step-by-step introduction to the text, making it accessible to students, teachers, clergy, and general readers interested in Islam and Islam's holy Book. Wagner first places the prophet Muhammad, the Qur'an, and the early Muslim community in their historical, geographical, and theological contexts. This background is a basis for interpreting the Qur'an and understanding its role in later Muslim developments, as well as for relationships between Muslims, Jews, and Christians. He then looks in detail at specific passages, moving from cherished devotional texts to increasingly difficult and provocative subjects. The selected bibliography serves as a resource for further reading and study. Woven into the discussion are references to Islamic beliefs and practices. Wagner shows great sensitivity toward the challenges to non-Muslims who attempt to interpret the Qur'an, and sympathy for the long struggle to build bridges of mutual trust and honest appreciation between Muslims and non-Muslims.--Jacket.
